

# #CaseyCountyCleanupChallenge

**Challenge Instructions:** The Casey County Clean-Up Challenge runs from **February 22- April 22, 2021**. Take a moment to pick up trash on Casey County roadways, side roads, and in areas of need. This challenge can be completed as an individual, family, church, or any group. If entering as a group, choose one record keeper to track progress. Post a few photos of each mini cleanup to YOUR Facebook or Instagram Page including a variety of before, during, and after your clean-up. Make sure the **post is Public** & not Friends Only. Tag each post with **#CaseyCountyCleanupChallenge** and **#FindingLiberty**.

While we encourage this to be a social media challenge, our overall goal is to CLEAN up Liberty/Casey County. Don't have social media? No problem, take photos throughout your cleanup and send us a few that include before and after and a few of the bags you pick up. Don't forget to show how much fun you had making your community better!
